

FLORENCE PAEDIATRICS

SERVICES FOR CHILDREN AND YOUNG PEOPLE

Crafted in the UK with care, comfort, and clinical expertise

Our facilities & services:

What we offer:

• Florence Paediatrics delivers specialist orthotic care for children and young people through dedicated clinics, expert clinicians, and custom-made devices crafted by our UK-based manufacturers.

Multiple services to choose from:

• We specialise in providing high-quality orthotic care for babies, children, and young people. Our fully qualified, experienced, paediatric orthotists can offer bespoke and custom items:

- Bespoke Foot Orthoses
- Paediatric Ankle Foot Orthoses (AFOs)
- Knee Ankle Foot Orthoses (KAFOs)
- Dynamic Ankle Foot Orthoses (DAFOs)
- Paediatric Helmets
- Bespoke Spinal Braces
- Paediatric Footwear

Made in the UK:

• Every orthotic device is crafted in-house at a range of our dedicated Orthotic Centres in the UK. Our paediatric, expert technicians are based in Sussex. They work closely with clinicians to produce high-quality, child-specific orthoses with speed and precision.

BESPOKE SPINAL BRACING

Tailored Care from Paediatric Orthotic Specialists

We are proud to offer some of the most advanced and personalised spinal bracing services for children in the UK with years of experience and close clinical partnerships.

Leaders in Paediatric Spinal Bracing

Florence Paediatrics has built its reputation as a national leader in bespoke spinal bracing by working closely with world-renowned hospitals such as Great Ormond Street Hospital, Chelsea and Westminster, and Evelina Children's Hospital.

Designing and Manufacturing

With access to international research and decades of hands-on experience, we continually refine our brace designs and production methods to ensure each child receives the most appropriate and innovative orthotic solution.

ABOUT FLORENCE PAEDIATRICS

Formally known as John Florence, we bring over 45 years of experience to the care of children with a wide range of orthotic needs, including some of the most complex cases in the UK. Each orthosis is carefully crafted in our UK-based facilities, ensuring reliable turnaround times, consistently high standards, and ease of communication with our Orthotists.

We believe in working together with families, healthcare professionals, and wider clinical teams to create solutions that are not only clinically effective but also fit into everyday life. **Our goal is simple:** to help every child reach their full potential with confidence and support they can trust.
